

Arterial Series No. 10

WHERE WESTBOUND ARTERIAL WOULD CUT THROUGH CHURCH — Passing between Liberty and Church Sts., the proposed westbound arterial would pass the southerly end of the Grove St. parking lot and emerge on Church St. on line with the Good Will Club, which would be removed. The clubhouse is shown at the right here. Having crossed Church St. the arterial would continue westerly to the immediate north of the Post Office and the residence of Dr. Joseph M. Rupsis, (the "house with the lions" at the extreme left in this photo,) would be removed. Church St. will continue as shown, the northbound artery of the north-south arterial.
